PRODUCT FEATURES

- Precision die-formed 22GA steel housing.
- Architectural post painted finish eliminates exposed edges for safe handling.
- Beveled Miro 4 reflector surrounds each lamp for optimum efficiency.
- Hinged reflector panel/access door.
- Accepts stem, pendant, chain or cable mounting.
- Instant-on.
- Low profile.
- Top access plate located at each end.
- Qualifies for utility rebates and incentives.
- Perfect for Warehouses, Manufacturing / Distribution Facilities, Gymnasiums, Arenas, Hangars and Garages.
- Replaces a 400W Metal Halide or HPS and consumes half the energy!
- Includes bulbs! You pick the color: 3000K, 3500K, 4100K, 5000K, and 6500K available.
